

Dear students,

From the course-month of March 2022 onwards, (07.03.2022 – 01.04.2022), Sprachschule Aktiv Düsseldorf will offer face-to-face classes again. However, during the course-month of March 2022, there will also be the possibility to attend your course online if you wish to.

Corona precautionary measures & conditions for face-to-face courses:

1. Vaccination status:

If you wish to attend face-to-face classes, you must either:

be vaccinated 3 times with Biontech Pfizer or Moderna or Astra Zeneka or Johnson. The third vaccination should not be older than 12 months. 3 vaccinations with different vaccines are also possible.

or

be vaccinated at least twice with Biontech Pfizer or Moderna or Astra Zeneka or Johnson. The 2nd vaccination should not be older than 9 months. 2 vaccinations with different vaccines are also possible.

or

have recovered from Corona, plus be vaccinated at least once with Biontech Pfizer or Moderna or Astra Zeneka or Johnson. The status of recovery should not be older than 6 months.

or

be vaccinated at least once with Biontech Pfizer or Moderna or Astra Zeneka or Johnson. The first vaccination should not be older than 6 months. In this case, you must present a current negative Antigen Rapid Test not older than 24 hours from an official Corona Test Centre on each day of the course.

2. Masks:

At school, you only have to wear a mask in the entrance area, in the kitchen and in the office area and, for example, when going to the toilet. You do not have to wear a mask at your desk during classes. If you eat or drink something at your desk during the break, you don't have to wear a mask either. You do not have to wear a mask in the outdoor area of Sprachschule Aktiv Düsseldorf (terrace / balcony). If you still want to wear a mask during classes or during the breaks at your desk or in the outdoor area of Sprachschule Aktiv Düsseldorf (terrace/balcony), you can of course do so voluntarily.

The teachers at Sprachschule Aktiv Düsseldorf do not wear a mask during classes.

3. Mandatory Testing:

At Sprachschule Aktiv Düsseldorf, no daily Antigen Rapid Tests from an official Corona Test Centre are required - except for people who have only been vaccinated once with or Biontech Pfizer or Moderna or Astra Zeneka or Johnson (see above: 1. Vaccination status) or people who feel symptoms of illness of any other kind during the on-going course (see below: 6. case of illness) -. In addition, Sprachschule Aktiv Düsseldorf does not carry out any Rapid Antigen Tests under supervision at school.

4. Mandatory Information:

If during the course-month of March 2022, you take an Antigen Rapid Test or PCR Test - which you have done for whatever reason – and are Covid positive, you are obliged to inform Sprachschule Aktiv Düsseldorf immediately about this Covid positive result. In that case you have to be quarantined, but you can attend your classes online until you show a negative PCR Test result (not older than 48 hours).

5. Mandatory Quarantine:

If a student or teacher tests positive for Covid during the course-month of March 2022, all students and the teacher of this course / group will also be asked to carry out either an Antigen Rapid Test or a PCR Test in an official Corona Test Centre. As soon as there is a negative test result (Antigen Rapid Test - not older than 24 hours - or PCR Test - not older than 48 hours) carried out by an official Corona Test Centre, every student and every teacher can immediately attend face-face classes again.

There is no automatic multi-day quarantine obligation for the whole group, but only for individuals who were tested positive, until they present a new negative PCR Test (not older than 48 hours) carried out in an official Corona Test Centre.

If a teacher or administrative employee tests positive, this person also goes into quarantine and teaches or works online until s/he presents a negative PCR Test (not older than 48 hours) carried out by an official Corona Test Centre.

6. Case of illness:

If you feel ill during the course-month of March 2022 - e.g. due to a high temperature, cold or the flu symptoms - you are not allowed to come to school for face-to-face classes. However, if you still feel healthy enough to attend online classes, you can attend your classes online during that time. If you want to attend the face-to-face classes again after your recovery, you are required to present a negative Antigen Rapid Test (no older than 24 hours) or a negative PCR Test (not older than 48 hours) when you return to face-to-face classes for the first time again. Without a corresponding negative test, you are not allowed to attend the face-to-face classes.

7. Cancellation:

If you are tested positive for Covid during the course-month of March 2022, you have to go into quarantine until you can show a negative PCR Test (not older than 48 hours). Moreover, you have the option of continuing classes online during your quarantine. In that case you have no right to cancel your course booking and must pay the entire course fee.

If you are tested positive for Covid during the course-month of March 2022 and you fall ill with Corona, which would eventually mean that you cannot attend your classes online either, you have no right to cancel your course booking and you must pay the entire course fee.

If you fall ill with an illness other than Corona or due to an accident during the course-month of March 2022 and you are unable to attend your classes either face-to-face or online, you have no right to cancel your course booking and you must pay the entire course fee.

If there is a positive case of Covid in your course / group during the course-month of March 2022, everyone in your course / group must get tested with an Antigen Rapid Test or with a PCR Test in an official Corona Test Centre. Every person in your course/group who shows to Sprachschule Aktiv Düsseldorf a negative Antigen Rapid Test (not older than 24 hours) or a PCR Test (not older than 48 hours) carried out by an official test centre, can immediately return to school and attend the face-to-

face classes again. In this case, you have no right to cancel your course booking and you must pay the entire course fee.

If there is a positive case of Covid in your private or professional environment and you have to go into quarantine until you can show a negative Antigen Rapid Test (no older than 24 hours) or PCR test (not older than 48 hours), you have the opportunity to attend your course online. In this case, you have no right to cancel your course booking and must pay the entire course fee.

If your teacher is tested positive for Covid during the course-month of March 2022 and has to go into quarantine until s/he can show a negative PCR test (not older than 48 hours), either another teacher will teach your course face-to-face or your teacher will teach your course online and you can attend your classes online from your home. In this case, you have no right to cancel your course booking and you must pay the entire course fee.

8. Face-to-face classes - online classes - hybrid classes

A) **Face-to-face classes:** If you register for face-to-face classes during the course-month of March 2022, this means that you definitely register for face-to-face classes. It is not possible to switch from face-to-face classes to online classes during the on-going course in the course-month of March 2022 for reasons other than those explained above that may arise for online classes.

B) **Online classes:** If you decide to attend your classes online during the course-month of March 2022 - due to the Corona precautionary measures & conditions for face-to-face courses explained above or for any other reasons- this means that you definitely register for the online classes. A later switch to face-to-face classes during the course-month of March 2022 is not possible.

C) **Hybrid classes:** This means that in your face-to-face course some students might attend your face-to-face course online because:

- they have either booked the course as an online course,
- or they have to go into quarantine due to a positive Covid test,
- or they are unable to attend face-to-face classes due to illness or an accident.

Hybrid lessons explicitly do not mean that you can flexibly choose between face-to-face classes and online classes during the course-month of March 2022.

9. Domiciliary Right

Sprachschule Aktiv Düsseldorf decides which and how Corona precautionary measures are to be applied at Sprachschule Aktiv Düsseldorf.

If you want to attend your classes face-to-face during the course-month of March 2022 from 07.03.2022 to 01.04.2022, you must provide information about your current vaccination status and sign a declaration of consent for the course-month of March 2022, the first time you attend your face-to-face classes.

A) On your first day of face-to-face classes, you provide information about your current vaccination status.

B) You confirm that you agree with the Corona precautionary measures & conditions for face-to-face classes described above under point 1 to 9.

1. Vaccination status
2. Masks
3. Mandatory testing
4. Mandatory information
5. Mandatory quarantine
6. Case of illness
7. Cancellation
8. Face-to-face classes - online classes - hybrid classes
9. Domiciliary Right

C) You confirm that you know that a possible Covid infection can be particularly dangerous if you have previous illnesses that can aggravate the course of a possible Covid infection or Corona disease.

D) You confirm that you know that a possible Covid infection can be particularly dangerous if you are pregnant and that your pregnancy can be affected by the course of a possible Covid infection or by a possible Corona disease.

E) You confirm that - in case of a positive test (Antigen Rapid Test or PCR Test) in your course / group or if you or another person in your course / group develops a Corona disease - you cannot cancel your course booking for face-to-face classes or alternative online classes and you cannot and will not make any legal and/or financial claims against Sprachschule Aktiv Düsseldorf.

F) You confirm that you are aware of the residual risk of possibly being tested positive for Covid and possibly getting ill with Corona during the course-month of March 2022 and that you bear this residual risk yourself.

G) You confirm that the declaration of consent you have signed is only valid for the course-month of March 2022 (from 03.07.22 to 04.01.22).
